Good afternoon Angela et al.,

We do not have a block of rooms anywhere so I would suggest going with the Captain Cook. Best beds in that part of town and the health club is pretty nice.

Gina is the DEC Tribal and Municipality Outreach staff. She is helping me get word out to those groups.

Thanks,

Brock

Hi Brock,

Just wanted to update you that Matt Szelag will be attending the workshop with me and Lon. Tami Fordham let Gina Shirey know as well, I guess Gina asked her about EPA attendance. Is Gina new? Please let us know if we should book at the Captain Cook or if you have a room block somewhere else. Thanks.

Thank you Angela. That is just what I needed to know. Provision of information at a "moderate" level should be very appropriate for this audience.

Please let me know if you need any assistance with choosing a hotel or other arrangements.

~Brock

Hi Brock,

I mentioned to Nancy that, at a minimum, I will attend the workshop with Lon. I most likely will bring along someone else in my unit who has been working on HHC with the lower 48 states but I need to assess workloads before making that decision. But yes, we will be able to provide a summary of the national 304(a) updates. I presume that you would want us to also give a brief summary of what is happening in other R10 states? I heard from Nancy that this workshop would likely involve a mix of people with varying levels of technical knowledge. So we would plan for our presentation to be somewhat simplified/geared towards someone with moderate knowledge of HHC, unless we hear otherwise from you. Thanks.

**Subject:** Alaska 2015 HHC Public Workshop

Good afternoon

In my conversations with Lon Kissinger he has told me he intends to come up to Anchorage for the DEC Human Health Criteria Public Workshop in October but I do not know whether other EPA staff intend to join us as well.

The reason I am asking is that I'm in the process of developing our agenda and would like to have EPA provide a short summary of HHC on a national level (issuance of 2015 criteria/actions in other regions) to the group. By short I mean no more than 30 min (+ 10 for questions) but that can be a point of discussion.

Please let me know of your intentions at your earliest convenience.

Thank you,
